■ Ashley Stark's apartment

Paul Rudolph's [Quadron](#) chandelier is featured in the gorgeous New York City apartment of Ashley Stark. She is a fabulous style icon herself and is Creative Director for Stark Carpets. (The senior Starks also have several MODULIGHTOR fixtures in their Manhattan residences.)

Ashley's dining room is on the cover of Elle Décor's December issue; the Quadron is seen in her foyer on page 117 in a "Fresh Outlook". Although we make fixtures to designers' specs, working with one of our regular clients Philip Gorrivan, Ashley bought our showroom model. It was an older fixture that had been here for years and she loved it's patina.
